Dear Jeffrey,

NEM B2B e-Hub accreditation application

I am pleased to advise that Choice Metering Pty Ltd's application for B2B e-Hub accreditation has been successful. Your accreditation details are as follows:

| | |
|------------------------------|--|
| Accredited Role/s | <input checked="" type="checkbox"/> ENM (CHOICENM) |
| Accredited Delivery Method/s | <input type="checkbox"/> FTP <input type="checkbox"/> API Gateway (push/push pattern) <input checked="" type="checkbox"/> MSATS Browser <input type="checkbox"/> API Web Services (push/pull pattern) |

Choice Metering Pty Ltd will be able to access the B2B e-Hub production environment from 1 December 2017. Please contact AEMO's support hub should you require assistance.

Please note, should you decide to change the delivery method from MSATS browser to FTP and/or API, you must obtain re-accreditation for the B2B e-Hub prior to using an alternate delivery method in the production systems.

I thank you for your team's support and cooperation with AEMO to date.

Should you have any queries regarding the information above, please contact Joyce Lee, Senior Metering Services Analyst on (03) 9609 8693 or email via nem.b2b@aemo.com.au.

Yours sincerely

Chin Chan
Group Manager - Market Management
